

Tush Push

The Tush Push is the most efficient aid for lifting and lowering a person to and from a toilet.

24VDC Battery System Pictured Above

Our customers say their lives have greatly improved after buying the Tush Push.

With the Tush Push Toilet Lift, you will be able to stay in your home, maintain your independence and dignity, in your own surroundings, where we all feel comfortable. NOTE: The Tush Push will add 3in. of height to your toilet bowl.

“Remember-If you have a lift chair in the living room, you need a Tush Push in the bathroom.”

Removable Plastic Shield Pictured Above
