PROUDLY BROUGHT TO YOU BY

Thank you for choosing an AmeriGlide Sanctuary Walk-In Tub, the world's highest quality walk-in bathtub.

Our mission at AmeriGlide is to help you maintain independence over your essential bathing needs and to improve your overall quality of life.

The AmeriGlide Sanctuary is the most luxurious and accessible walk-in bathtub on the market today. Until recently, if you were physically impaired or just had difficulty getting in and out of a bathtub it was almost impossible for you to take a bath or shower.

The Sanctuary specializes in accessibility and security. Safe transfers in and out of the bath are the most critical part of bathing safely. That is why we offer standard features such as a safety grab bar and an ADA compliant 17" high seat on most models to assist in entering and exiting the bath.

AmeriGlide is committed to providing a complete bathing experience for the elderly and the mobility impaired.

Water Control Options

1. **Hot water faucet** – controls hot water coming into tub through faucet and shower head.
2. **Cold water faucet** – controls the cold water entering the tub through faucet and shower head.
3. **Diverter** – allows you to choose whether water comes out of the tub spout or the shower head.
4. **Spout** – used to fill the tub to desired water level.
5. **Extendable shower head** – allows for easy shower use while remaining comfortably seated.

Control Buttons

1. **Button One:** Turns the water jets and Tee heater on and off.
2. **Button Two:** Turns on air jet system.
 - 1st Press: The blower starts at maximum speed.
 - 2nd Press: The blower starts at medium speed.
 - 3rd Press: The blower turns to minimum speed.
 - 4th Press: The blower stops.

Note: If you do not have a dual system you will only have (1) button on your unit.

Door Options

Door Lock – The lock ensures that the door remains closed at all times, providing a water tight seal.

Grab Bar

To provide you with a sense of safety and security Sanctuary Tubs offers a safety grab bar as a standard feature. Our inside safety grab bar assists you in getting in and out of the walk-in bathtub with ease. This support rail can offer assistance for a wide range of user needs including transfers and rising from the seat.

Hydro Massage Operation

The hydrotherapy system is simply accessed by the control button or buttons which are located within arms reach. In order for the system to operate correctly, water must be filled above the jets.

Extension Panel Kit

An extension panel kit is included with each of our fiberglass walk in tubs, except the 3060, 3238 and the Full Bather to assist in the installation process. This allows any of our tub models to fit into a standard 60" tub stall. The panel installs quickly and will eliminate the gap between our tub and the wall. The extension panel shelf can be used to hold soaps, shampoos, toiletries and other bathing accessories.

Warranty Information

Section I.

This limited lifetime warranty is extended to the first user to be free from defects in workmanship and material under normal use and conditions for life from the date of the original purchase. This warranty relates to all fitting and components included with the tub from the manufacturer. Different warranty periods apply. The tub and all its components and parts are covered during the first year. The bathtub shell, frame and finish are covered by lifetime warranty. The finish warranty does not apply to fading, cracking, delaminating or blistering due to excessive wear, sun fading or scouring due to cleaning. All supporting equipment, motors, electronic controls, waste and overflow, and all plated finishes, are covered by a limited one (1) year Warranty. This warranty is nontransferable and applies only to the original owner. Should service be required for any reason of any defect or malfunction of the product during the first year, manufacturer will replace or repair the part or product without charge subject to verification of the defect or malfunction. Notification MUST BE sent via certified mail to Spa World Corp P.O. Box 668 Lawrence, NY 11559. The Manufacturer will not be responsible for any water damage to structures or property for any reason (including but not limited to manufacturer defects or improper installation). Manufacturer will assume no responsibility for the loss of the system, inconvenience due to loss, damage to real or personal property or any other consequential damage. Manufacturer will not be liable for any incidental expenses or material charges in connection with removal or replacement of the purchased part or any part or parts of the System. This warranty shall not apply to any type of failure resulting from negligence, abuse, misuse, misapplication, improper installation, alteration or modification, chemical corrosion or improper maintenance. There will be a charge for replacement parts or replacement of the entire electrical unit if the defective unit is returned for any of the reasons listed above. NOTE: within the limited one (1) year warranty, there will be a prorated charge for any electrical and plated replacements parts, including shipping and handling charges.

Manufacturer reserves the sole authority to make any type of warranties or representations concerning its products and will not be responsible for any warranties or representations made by any outside source, including dealers, retailers, distributors or contractors. Manufacturer does not warrant the installation of any of our products including Walk-In-Baths, shower pans or shower stalls. Items include all plumbing or electrical related connections. Improper or negligent installation of the product or other components, alteration made of, or alterations or modifications to the System, may cause the product or the system to malfunction. Such problems are not covered by warranty.

Section II. DOOR SEAL

Manufacturer warrants the door seal for the life of the unit under normal use and conditions. This warranty shall not apply to any failure resulting from negligence, abuse, misuse, misapplication, alteration, or modification or improper maintenance. The replacement door seal will be issued to the end user and it will be the responsibility of the end user to determine the means of installation. Manufacturer will not be liable for any incidental expenses or material charges in connection with removal or replacement of the door seal.

TO THE EXTENT PERMITTED BY LAW, ALL IMPLIED WARRANTIES INCLUDING THOSE OF MERCHANT ABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE HEREBY DISCLAIMED. MEDITUB WITH SPA WORLD CORP. AND SELLER HEREBY DISCLAIM ANY LIABILITY FOR SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES. Some states/provinces do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of special, incidental or consequential damages, so these limitations and exclusions may not apply to you. This warranty gives you specific legal rights. You may have other rights, which vary from state/province to state/province.
